All Systems Restored

To Our Valued Business Partners and Vendors,

We thank you for your patience during our “Systems Maintenance Outage” that took many ONE systems offline from 4:00pm to 8:00pm Eastern Time, April 21, 2020. We apologize for any disruption it may have caused.

This notice is to confirm that all systems have been restored and we are processing all requests as normal.

Sincerely,

Ocean Network Express (North America) Inc.
