Salsa for Stella: Supporting Motor Neurone Disease Association in honour of a dear colleague

On 11th July, Magentians from ONE London RHQ came together to celebrate Stella Prats, a dear colleague lost to Motor Neurone Disease. Inspired by Stella's passion for dance, Magentians took part in a salsa lesson. A raffle concluded the event, raising funds for the Motor Neurone Disease Association, which aims to improve access to care for those living with or affected by Motor Neurone Disease and research on the condition.

We would like to thank Magentians for their participation and support, and Stella for being a wonderful colleague and friend.
